REPORT OF THE INDEPENDENT ACCOUNTANT

To the management of DigiCert, Inc. ("DigiCert"):

We have examined DigiCert management's [assertion](#) that for its Symantec, GeoTrust, and Thawte branded Certification Authority (CA) operations at Mountain View, California, USA; New Castle, Delaware, USA; Melbourne, Australia; Sydney, Australia; Cape Town, South Africa; Dublin, Ireland; Sapporo, Japan; and Kawasaki-shi, Japan, throughout the period November 1, 2017 to October 31, 2018 for CAs as enumerated in [Attachment B](#), DigiCert has:

- disclosed its code signing certificate lifecycle management business practices in its Symantec, GeoTrust, and Thawte Certification Practices Statements and DigiCert Certificate Policy for Symantec Trust Network (STN) as enumerated in [Attachment A](#), including its commitment to provide code signing certificates in conformity with the CA/Browser Forum Code Sign Working Group requirements on the DigiCert [website](#), and provided such services in accordance with its disclosed practices
- maintained effective controls to provide reasonable assurance that:
 - the integrity of keys and code signing certificates it manages is established and protected throughout their lifecycles; and
 - code signing subscriber information is properly authenticated
- maintained effective controls to provide reasonable assurance that:
 - requests for code signing authority certificates are properly authenticated; and
 - certificates issued to code signing authority certificates are not valid for a period longer than specified by the CA/Browser Forum Code Sign Working Group requirements
- maintained effective controls to provide reasonable assurance that its code signing authority is operated in conformity with the CA/Browser Forum Code Sign Working Group

based on the [WebTrust Principles and Criteria for Certification Authorities - Publicly Trusted Code Signing Certificates v1.0.1](#). DigiCert's management is responsible for its respective assertions. Our responsibility is to express an opinion on management's assertion based on our examination.

The relative effectiveness and significance of specific controls at DigiCert and their effect on assessments of control risk for subscribers and relying parties are dependent on their interaction with the controls and other factors present at individual subscriber and relying party locations. Our examination did not extend to controls at individual subscriber and relying party locations and we have not evaluated the effectiveness of such controls.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether managements' assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about managements' assertions. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of managements' assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Because of the nature and inherent limitations of controls, DigiCert's ability to meet the aforementioned criteria may be affected. For example, controls may not prevent, or detect and correct, error, fraud, unauthorized access to systems and information, or failure to comply with internal and external policies or requirements. Also, the projection of any conclusions based on our findings to future periods is subject to the risk that changes may alter the validity of such conclusions.

In our opinion management assertion, as referred to above, is fairly stated, in all material respects.

Without modifying our opinion, we noted the following other matters during our procedures:

Matter Topic		Matter Description
1	Certificate Revocation List ("CRL") Profile Content	Digicert reissues CRLs daily, but for seven out of the nine CAs selected, the subscriber status CRLs' nextUpdate field was fourteen days, instead of the required ten days, after the thisUpdate field.

This report does not include any representation as to the quality of DigiCert's services other than its Symantec, GeoTrust, and Thawte branded CA operations at Mountain View, California, USA; New Castle, Delaware, USA; Melbourne, Australia; Sydney, Australia; Cape Town, South Africa; Dublin, Ireland; Sapporo, Japan; and Kawasaki-shi, Japan, nor the suitability of any of DigiCert's services for any customer's intended purpose.

DigiCert's use of the WebTrust Principles and Criteria for Certification Authorities - Publicly Trusted Code Signing Certificates Seal constitutes a symbolic representation of the contents of this report and it is not intended, nor should it be construed, to update this report or provide any additional assurance.

DIGICERT, INC. MANAGEMENT'S ASSERTION

DigiCert, Inc. ("DigiCert") operates the Symantec, GeoTrust, and Thawte branded Certification Authority ("CA") services for its CAs as enumerated in [Attachment B](#) and provides code signing ("CS") CA services.

DigiCert management has assessed its disclosures of its certificate practices and controls over its CS CA services. Based on that assessment, in providing its CS CA services at Mountain View, California, USA; New Castle, Delaware, USA; Melbourne, Australia; Sydney, Australia; Cape Town, South Africa; Dublin, Ireland; Sapporo, Japan; and Kawasaki-shi, Japan, throughout the period November 1, 2017 to October 31, 2018, DigiCert has:

- disclosed its code signing certificate lifecycle management business practices in its Symantec, GeoTrust, and Thawte Certification Practices Statements and DigiCert Certificate Policy for Symantec Trust Network (STN) as enumerated in [Attachment A](#), including its commitment to provide CS certificates in conformity with the CA/Browser Forum Code Sign Working Group requirements on the DigiCert [website](#), and provided such services in accordance with its disclosed practices
- maintained effective controls to provide reasonable assurance that:
 - the integrity of keys and CS certificates it manages is established and protected throughout their lifecycles; and
 - CS subscriber information is properly authenticated
- maintained effective controls to provide reasonable assurance that:
 - requests for CS Signing Authority and are properly authenticated; and
 - certificates issued to code signing authority certificates are not valid for a period longer than specified by the CA/Browser Forum Code Sign Working Group requirements
- maintained effective controls to provide reasonable assurance that its code signing authority and is operated in conformity with CA/Browser Forum Code Sign Working Group requirements

based on the [WebTrust Principles and Criteria for Certification Authorities - Publicly Trusted Code Signing Certificates v1.0.1](#).

DigiCert, Inc.

A handwritten signature in blue ink on a light-colored background. The signature is stylized and appears to read 'Jeremy Rowley'.

Jeremy Rowley
